

The Egyii Toolkit

The Egyii Toolkit is a group of new models and techniques that your people can use to achieve peak performance and deliver you better business results.

The Toolkit is divided into two parts:

Part 1: Self-Management – This part of the Toolkit empowers your people to take control of their own motivation, their persona, their personal strategies, their confidence level and their ability to bounce back from setbacks and persist towards their goals. The result is better performance and improved business.

Part 2: Relationship Management – This part of the Toolkit equips your people with new techniques for relating to their clients. The result is stronger, focused relationships and more business.

Self-Management Tools

- ❖ **Motivation Generator** – a tool which enables people to take control of their own motivation and re-discover their passion for what they do
- ❖ **Authenticity Builder**– a tool which enables people to identify and align key aspects of their persona so that they feel congruent and communicate authenticity
- ❖ **Strategy Creator** – a tool which enables people to set personal targets and devise strategies for achievement of those goals
- ❖ **Resilience Booster** – a tool which enables people to take control of their emotions, find strength in challenging situations, and bounce back from disappointments

We *change* the way your people relate to themselves and their work.

Relationship Management Tools
